

SAFe® Iteration Execution Facilitator Checklists Usage Guide

SAFe Iteration Execution Facilitator Checklists

Effectively operating as an Agile Team is key to the health of the Agile Release Train (ART). These SAFe Iteration Execution facilitator checklists provide Scrum Masters with a quick reference guide to each significant Iteration event including:

- Backlog refinement
- Iteration planning
- Daily stand-up
- Iteration review
- Iteration retrospective

For the latest information on Iteration Execution, go to www.scaledagileframework.com and select the 'Iterations' article
